

# Custodians of the **Tradition**

## Reclaiming the Franciscan Intellectual Tradition

Responding to the need for shorter articles for use in the classroom or in adult education groups, this series of CFIT publications provides four-page synopses of important articles by noted scholars on key elements of the Franciscan tradition. The general editor of this series is Kathleen Moffatt, O.S.F., who has assembled a team of experienced teachers to create these digests. The Custodians Series is available here in PDF format.
